

Important Notice from Eugene School District 4J About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Eugene School District 4J and prescription drug coverage available for people with Medicare. It also explains the options you have under Medicare prescription drug coverage and can help you decide whether or not you want to enroll. At the end of this notice is information about where you can get help to make decisions about your prescription drug coverage.

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare through Medicare prescription drug plans and Medicare Advantage Plans that offer prescription drug coverage. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Eugene School District 4J has determined that the prescription drug coverage offered by Regence BlueCross BlueShield of Oregon is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage will pay and is considered Creditable Coverage.

Because your existing coverage is on average at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay extra if you later decide to enroll in Medicare prescription drug coverage.

Individuals can enroll in a Medicare prescription drug plan when they first become eligible for Medicare and each year from November 15th through December 31st. Beneficiaries leaving employer/union coverage may be eligible for a Special Enrollment Period to sign up for a Medicare prescription drug plan.

You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.

If you do decide to enroll in a Medicare prescription drug plan and drop your Eugene School District 4J prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back.

Please contact us for more information about what happens to your coverage if you enroll in a Medicare prescription drug plan.

If you are an **active employee (not a retiree)** enrolled in the Eugene School District 4J prescription drug plan through Regence BlueCross BlueShield of Oregon and you become eligible for Medicare, you may maintain your current coverage. You then have the option to enroll in a Medicare prescription drug plan for additional coverage, or you may choose not to enroll and because your current coverage is considered "creditable coverage", you would not be penalized if you chose to enroll in a Medicare prescription drug plan at a later date, as long as you enroll within 62 days of the date your creditable coverage ends.

If you are a **retiree** enrolled in the Eugene School District 4J prescription drug plan through Regence BlueCross BlueShield of Oregon and you become eligible for Medicare, your eligibility for the Eugene School District 4J plan ends when Medicare eligibility begins. It is your responsibility to contact Eugene School District 4J, notify them of your Medicare-eligible status and withdraw from the Regence BlueCross BlueShield plan. At that time, you may obtain additional information about options available to your dependents currently covered on the Regence BlueCross BlueShield plan.

You should also know that if you drop or lose your coverage with Eugene School District 4J and don't enroll in Medicare prescription drug coverage after your current coverage ends, you may pay more (a penalty) to enroll in Medicare prescription drug coverage later.

If you go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go nineteen months without coverage, your premium will always be at least 19% higher than what many other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to enroll.
